- STEP 4:** To make the ears, point your thumbs skyward.

CHEWIE

- STEP 1:** Make a fist with your right hand and then simply drop your thumb to make the bottom of his mouth.
- STEP 2:** On your left hand, curl all of your fingers, except for your thumb, on the back of your right hand so that they are positioned right behind your knuckles.
- STEP 3:** Make sure to leave a little bit of an opening between the palm of your left hand and the back of your right hand in order to form the eye of Chewie.
- STEP 4:** Take your thumb on your left hand and point that to the ceiling to form the ear.
