

 GRINS²

GIVE ONE SMILE. GET TWO IN RETURN.

UnitedHealthcare
Children's Foundation 

Big Smiles

that make a huge impact

We are thrilled to be able to share a great opportunity to bring some smiles to the faces of some very deserving children. Through a partnership with the *UnitedHealthcare Children's Foundation (UHCCF)* and their exciting new **Grins² Program**, you can now donate the popular **Grins to Go™** gift bag to a child in our care. And when you do, your donation will have double the impact.

Not only will one of our kids get a healthy dose of laughter and inspiration through the gifts they find inside the bag, but another child will also be impacted through a UHCCF medical grant, made possible by the funds raised when you donate the bag.

Fun. It's in the bag!

Each **Grins to Go™** drawstring bag is filled with an assortment of popular toys and activities designed for boys and girls between the ages of 5 and 12. By giving one simple gift, you'll create two very big smiles.
